

An Emergent Webinar: Navigating COVID-19's Impact - What Every Employer Must Know

Webinar | March 24, 2020

The COVID-19 pandemic has dramatically impacted employers and businesses of all sizes. Businesses are now being forced to close, layoff or furlough employees, reduce hours or shift employees to remote-work arrangements. At the same time, employers are confronted with evolving federal, state and local laws and regulations that are literally disseminated daily. Please join the White and Williams' Labor and Employment Group as they provide emergent guidance and advice on these issues as they impact employers in a variety of industries, including:

- 1) managing a remote workforce;
- 2) protecting employees from exposure to COVID-19 (including what to do when an employee tests positive for COVID-19);
- 3) layoffs, furloughs and reductions in hours;
- 4) legislative updates – what actions are Congress, state legislatures and local governments taking in response to COVID-19;
- 5) the impact of school and university closures on employers;
- 6) immigration-related issues;
- 7) the COVID-19 impact on employee benefits;
- 8) workers' compensation; and
- 9) employee leave issues (including how the FMLA, ADA and paid sick leave obligations are impacted by COVID-19).
