

Pennsylvania Return to the Workplace

Webinar | 10:00 am - 11:00 am | June 11, 2020

As Pennsylvania transitions from the "red" phase to the "yellow" and "green" phases, employers must consider requirements and best practices to safely return employees to the workplace and to manage interactions among other employees, customers and clients. During this webinar, White and Williams' Labor and Employment lawyers discussed the legal requirements, best practices and strategic considerations for a Pennsylvania reopening. Topics included:

- PA State Guidelines on Reopening;
- Considerations to Apply When Employees Refuse to Return to the Worksite or Request to Continue Remote Work;
- Disability and Potential Claims; and
- Workers' Compensation and COVID-19.
