

## Creating a Data Privacy Compliance Program on a Limited Budget

Gallagher's Cyber Insight Series (Webinar) | July 22, 2020

This webinar will review the latest data collection compliance requirements according to GDPR, CCPA and BIPA. The panelists will provide key strategies to create and implement a compliance program, even with limited resources. You will learn cyber risk transfer techniques, including an overview of the most comprehensive cyber insurance products that can respond to losses related to wrongful data collection claims.

Reasons to attend this webinar:

- Review the latest data collection compliance requirements according to GDPR, CCPA and BIPA.
- Learn key strategies to create and implement a compliance program, even with limited resources.
- Identify effective cyber risk transfer techniques to reduce your exposure.
- Explore insurance products that can respond to losses related to wrongful data collection claims and protect your business.
