

Cal Net Technology Merges With NexusTek

August 7, 2018

Cal Net Technology, a premier provider of outsourced IT, cloud, security services and Unified Communications in Southern California, merged with NexusTek, a leading IT services firm headquartered in Colorado. The merger created a super-regional managed IT services firm in the western-half of the U.S.

Cal Net Technology was a portfolio company of Philadelphia-based private equity firm Boathouse Capital. During Boathouse Capital's five year investment, Cal Net became a leading managed services provider through a combination of organic growth and the acquisitions of inhouseIT, Alpha Actual and Velocity Network Solutions.

Cal Net Technology was represented by White and Williams lawyers, Ryan Udell, Rick Borden, Tim Davis, Randy Friedberg, Bill Hussey, Kevin Koscil, Maurice Pessa, Tanya Salgado and Melissa Pang.
