White and Williams has an unparalleled history of success in the courtroom as well as in litigation and arbitration. Our lawyers represent clients in high-stakes, complex and bet-the-company cases in federal and state courts. We recognize when settlement is the best path forward but also rely on our wealth of significant trial experience to tenaciously advocate for our clients to achieve the most favorable results possible.

White and Williams business lawyers handle highly sophisticated and complex transactions and financings as well as advise on the ongoing legal needs of our clients. Our lawyers often serve as outside general counsel and bring a business-friendly perspective to provide holistic legal advice. Many of our lawyers have prior career experience in Big Law and in business roles. We pride ourselves on applying this unique perspective through a team approach that blends senior-attorney attention with value-driven solutions.
