

Identification of Critical Issues in the Early Stages of the Subrogation Investigation

NEFCO Fire Investigations (Rochester, NH)
3.15.18

PRACTICE AREAS

Subrogation

Shannon Warren, associate in the Subrogation Department, presents "Identification of Critical Issues in the Early Stages of the Subrogation Investigation," at the NEFCO Fire Investigation Evidence Lab Facility. The three-part program is designed specifically for property claims and subrogation professionals. Additional topics are "Arson: Detecting Arson and Insurance Fraud" and "Lithium-ion Batteries: Current Trend Resulting in Fire."
