White and Williams hosted Opus Connect, a lower middle- and middle-market M&A-focused professional organization, and their first-ever Philadelphia Deal Sourcing Roundtable on October 2, 2019. The event brought together 10 capital providers and 10 regional investment bankers for an intimate networking session.

Over the hour-and-a-half lunch, attendees - who came from all regions of the U.S. - spoke about their firm, the types of deals they handle or were currently going through and their thoughts on the market and what 2020 will bring to the private equity sector. To facilitate and ensure quality discussion, each attendee was pre-screened by Opus Connect. White and Williams partners Ryan Udell (Corporate and Securities) and Maulin Vidwans (Finance) represented White and Williams in the networking and discussions.
